

# Glendale Gazette

January, 2014

**"Bible camp was a solid experience, with every element of growth and learning. It was a great way to connect with other teens who love Jesus, and of course to connect with Him yourself."**

**-Arron Pak (Senior)**

---

## Bible Camp

GAA juniors and seniors, along with students from other SDA schools, gathered at Camp Cedar Falls for a weekend of spiritual inspiration. The students were divided into family groups composed of the different schools and got to engage in worship, praise, and spiritual feeding all weekend long. There were great musicians and youth leaders from all over Southern California. Pastor Tim Gillespie connected well with the students by the powerful words he spoke. The theme of Bible camp this year was being the image of Christ, and this is a great lesson that people came away with. Participants met new friends, bonded with old ones, and truly found God on their three day journey.

## NHS Induction

On Friday, January 17, proud parents, families, and friends congregated in the Glendale auditorium to witness thirteen students be inducted into the National Honor Society. Comprised of sophomores and seniors, these students were able to gain acknowledgement for their success, not only being recognized for their outstanding scholarship, but also their devotion to leadership, character, and service. The NHS is honored to welcome these new members and can't wait to include these individuals in their great outreach activities such as providing needs for the homeless or even spending time with the kindergarteners at GAA.

## SA Gym and Movie night

The Student Association of Glendale Academy hosted a gym and movie night on January 5. The night started out with a short vespers in the amphitheater. They sang songs and Arron Pak gave an encouraging devotional about keeping your eyes upon Christ even in the storm of life. Everyone then headed up to the gym to play games and sports with each other. The night ended with a movie in the amphitheater with food and friends.

## Thespian Society Induction

On January 14, many drama members were welcomed into the International Thespian Society as members of Troupe No. 6807. In order to be considered for this society, students recorded points earned by theatrical/musical activities. These new Troupe members will be able to continue adding points to their count throughout their life if they choose to. The drama department is also looking forward to their upcoming production of Disney's *Beauty and the Beast* in May.
