CHESTER WILLIAMS REFINISHING AND BUILDING SHELVES FOR THE GAA LIBRARY

Library Nears Completion

Students will soon be able to enjoy a newly renovated library complete with brand new bookshelves, study rooms and books available for both research and leisure. This recent development is especially exciting, as students have been dealing with an out-of-commission library for quite awhile. The GAA maintenance team has been hard at work transforming the space from old and out-of-date to contemporary and welcoming. Chester Williams, husband of fourth grade teacher Mrs. Linda Williams, has been generous enough to build and refinish brand new shelves for use in the library. Students and faculty alike are excited to see the finished product and are anxiously awaiting the library's opening.

PUC College Days

The majority of the senior class attended PUC college days from February 14 - 17. They roomed with college students, attended college classes and participated in activities with seniors from other schools. The students had fun while learning about college life.

Bible Conference at Pine Springs Ranch

In late January, thirty-nine of GAA's juniors and seniors travelled to Pine Springs Ranch for SECC's Junior/Senior Bible Conference. Some GAA students participated in the praise team and drama troupe, while others were family group leaders or simply participants. Regardless of each student's reason for going, every individual returned with a different perspective, a strengthened relationship with God and with memories that will forever bind them to their friends and fellow students.
